1x Fuel Pump
Injectors
Engine mount
Brake hoses
Radiator
2x Complete Mirrors

Price for the car along with complete spares package is **£10500**

The car now has a years MOT and has been re-prepped for its next event.

The car has been built to be as light as the regulations allow and with the addition of the Ohlins dampers has created a fantastic handling and very well balanced car.

This has to be one of the best junior cars available having just won the Ecosse Junior Championship. The added benefit of a comprehensive spares package and enough tyres to easily complete 2-3 events means you are ready to go for next season.

Car is located in Dumfries
